What are you talking about
We've never met before
Wait, I don't want to step out
Get me another drink
Want to know what I think
I think this party is shit
And I want to go home

Tell me what you want

Why am I hearing your voice
Over this music's so loud
And I can't see the crowd
Only your lovely face
Did you talk to my soul
When you looked at my tits
And your answer is yes

Tell me what you want

Why don't you follow me home
Let's get out of this place
Growing shadows appear
Upon your lovely face
There's a taste on my tongue
There's a bug in my drink
I see bats when I blink

Tell me what you want

Where the hell is he gone
And what's the point of this song
I've been selling my soul
Just to see his face
But the bloke is a joke
And his love is a ghost
So I'm hitting on you

Tell me what you want

Where the hell is he gone

And what's the point of this song
I've been selling my soul
Just to see his face
But the bloke is a joke
And his love is a ghost
So I'm hitting on you

Tell me what you want
