Dear friends I did the best I could  
It was for the best I finally had enough  
Of playing your goddamn games  
Things were just not the same

I found myself looking for a cure to fix myself again  
To rid my loneliness  
Then they took me in

These are real friends who love me for I am

I'm setting myself free  
Don't take it personally  
And what's the difference if I can't be what you want  
me to be?  
Why can't you just see  
I can't go on being someone I'm not

Dear friends this is not the end  
We'll always have our memories in our heads

I once took 2 steps forward just to take 3 steps back  
But now I'm looking ahead  
They took me in

These are real friends who love me for I am

I'm setting myself free  
Don't take it personally  
So what's the difference if I can't be what you want me  
to be?  
Why can't you just see  
I can't go on being someone I'm not

When it came down I thought they'd be there for me

I'm setting myself free  
Don't take it personally  
And what's the difference if I can't be what you want  
me to be?  
Why can't you just see  
I can't go on being someone I'm not
