(Can you feel the smoke
Can you feel it burning your throat
Make my lungs sing
Make my lungs sing)

Can you feel the smoke
Can you feel It burning your throat
Make my lungs sing
Make my lungs sing

I, I am dying
And you, you can't save me
And I hate the person I've become

So this is what you call a good time
Your right it's the best that I never had
But I can't feel, oh no what's happening?
Oh no what's happening? Oh no what's happening?

So this is what it feels like
To have my heart tearing through my chest
I'm being swallowed up alive

I need to get out
Of this sinking ship
I need to get out
Of this sinking ship
I need to get out
Of this sinking ship

It feels like my head's under water
And I can't breathe
But I can't get out of this mess that I made

I'm rushing up these flights of stairs
Waiting to see the sunlight
