[Verse 1]

It's hard to think where we're going
When we haven't even started the car
And it's hard to think when it's freezing
And your lips are chapped and your trying to speak

[Pre-Chorus]

One foot in and one foot out
Trying to get off the ground

[Chorus]

It's so exciting
All these stage lights are blinding
Nervous shaking, smiling
Don't forget were flying

[Instrumental]

[Verse 2]

But don't worry darling
We're on the road worth fighting
If we loose our feet
You can show me

[Pre-Chorus]

One foot in and one foot out
Trying to get off the ground

[Chorus]

It's so exciting
All these stage lights are blinding
Nervous shaking, smiling
Don't forget were flying

[Bridge]

And we're not about to let this go
Even though
We haven't even shown our colors
We're not that far but it's okay
We're on the road we're on our way

[Chorus]

And it's so exciting
All these stage lights are blinding
Nervous shaking, smiling
Don't forget we're flying

[Chorus]

It's so exciting
All these stage lights are blinding
Nervous shaking, smiling
Don't forget we're flying
