You come to my door  
Asking for more  
Like, what the fuck could I do for you  
You stupid fucking whore  
All your problems  
You want me to solve them  
Well take your psycho killer thoughts  
And you can jar them

As sweetly as I could possibly say  
Could you die or go the fuck away

(Chorus)  
La de da de da  
You just talk and talk and talk  
All you want is more and more  
And you can't even walk the walk  
Take me for a drive  
You can even close your eyes  
And maybe we crash  
It'd be cool at least you'd die

You think I feel sorry  
When your sobbing out your story  
Well how good was his back seat babe  
Did you enjoy the movie  
Don't lie girl  
You never had to try girl  
Well I don't think you know this  
But we laugh when you cry girl

As sweetly as I could possibly say  
No one gives a shit these days

(Chorus)  
La de da de da  
You just talk and talk and talk  
All you want is more and more  
And you can't even walk the walk  
Take me for a drive  
You can even close your eyes

And maybe we crash  
It'd be cool at least you'd die

La de da de da  
You just talk and talk and talk  
All you want is more and more  
And you can't even walk the walk  
Take me for a drive  
You can even close your eyes  
And maybe we crash  
It'd be cool at least you'd die
