I feel the whisper  
of your heart  
It's so loud it  
dissipates me away  
But when I'm gone  
I feel like drowning  
Drowning in you  
and in your eyes

You're Bleeding  
in my arms  
Bleeding in my arms

Have you ever started  
that brand new day?  
Had a second chance  
and thrown it away?  
Don't crush on me  
It only hurts  
and makes you bleed  
With me

You're Bleeding  
in my arms  
Bleeding in my arms

You're Bleeding  
in my arms  
Bleeding in my arms
