Oh my god
My love is gone again
Is it all my fault
I don't know
And who can say
Where it is
When it's coming back
Is it you
Or someone else

If you give me chance
I'd like to try one more time
I hope you understand
And take me back anytime
If it's gone
I hope it's you
I'm here
And I want to tell you

That I'm coming back
You want or not
I never can forget you
And I really hope that you
Gonna feel the same
I'm coming back
You want or not
I never can forget you
And I really hope that you
Gonna feel the sane

So what I really suppose to do now
So what I really have to say
'Cause now I get only breathe with
Same air that you breathe
Now I can only live on my own

I'm coming back
You want or not
I never can forget you
And I really hope that you
Gonna feel the same
