I've tried to kill the pain
But it keeps me in this circle
It's hard to get away
And i feel you again
You're with me
Love is a word
You gave it a name

Love is right now
So don't close your heart
I've been waiting ll my life
for this moment of our Love
with you

I've tried to feel the pain
but it keeps me
in this circle
I don't want to get away
'cos you're here with me
I feel you
Love is the word
you gave it a name

Love is right now
So don't close your heart
I've been waiting all my life
for this moment of our Love
with you
with you

Love is right now...
right now
Our Love is right now
So don't close your heart
I've been waiting all my life
for this moment of our Love
with you

Just let me Love you
and learn to love ou right
I lived only for this moment
for this moment of our Love

with you
with you
