Guns, guns, guns!  
Guns, guns, guns!  
Looks like fun, doesn't it?  
Well, rocking and rolling on full auto is a lot of fun.  
"we felt the women had been ignored"  
"I, I like the, the feeling of, of the machine gun in my  
hands"  
(Aaahhh.)  
"you know, I, I  
like the, the feeling of, of the machine gun in my  
Hands"  
"you know, I, I like the, the feeling of, of the machine  
gun in my  
Hands"  
(Aaahhh)  
"You know, I, I like the, the feeling of, of the machine  
gun in my  
Hands"  
"the feeling of, of the machine gun i  
N my hands" (here we go, 30  
Rounds"  
"the women had been ignored"  
"I like the, the feeling of, of the machine gun in my  
hands"  
(Aaahhh)  
"got to be an addiction!"  
"you know, I, I like the, the feeling of, of the machine  
gun in my  
Hands ... got to be an addiction with me!" (Aaahhhh...  
nothin' like it!)  
Hey, beautiful, beautiful! Last one got 'em!  
"30 rounds in one and a half seconds! Real  
firepower....."  
"we felt the women had been ignored ... they'd been  
kept ignorant  
And, uh, afraid of firearms, when they're no more  
difficult to operate than  
A household appliance"  
Hi! I'm Candy Jo, and I'm shooting the Ingram M-10, or  
the Mac-10!  
GUNS.

This gun is one of the most well-known machine guns in the world,

(GUNS.) not only because it has been featured in numerous Hollywood movies, (GUNS.) but also because it has derived underworld popularity. (GUNS.)

The Mac-10 is the weapon of choice because of its concealability. (GUNS.)

With this gun, even I could stop most of the bad guys out there.

GUNS.

As you

Can see, this gun is really fast! (GUNS.) It fires a 9 Millimeter round at a rate of 1200 rounds per minute!

(GUNS.) That's, like,

20 shots per second! (GUNS.)

Not only that, it weighs just six and a quarter pounds, and it's

Only ten and a half inches long. (GUNS.)

Hello, my name is Julie, and this is the M-16. (GUNS.)

I'm shooting the MPK submachine gun. It's made in Germany, (GUNS.)

The MP stands for Machine Pistol. (THIS is a real gun.)

This gun fires a 9

Millimeter cartridge at a rate of 550 rounds per minute.

(GUNS.) That's

Close to 10 rounds per second!

("they're no more difficult to operate than

A household appliance")

What surprises me is how easy this gun is to handle.

(GUNS.) I

Guess that's what makes it so much fun! (GUNS.)

The barrel on th

E MPK is six inches long, and I'm shooting it with

A 30-round magazine. (GUNS.) It weighs just six and a half pounds, (GUNS.)

And has a clever folding wire stock. (GUNS.) Those Germans really know how

To make a machine gun! (GUNS.)

Now THIS is a real gun.

Not one of those wimpy submachine guns.

I mean, I've never fired a gun before in my life!

(GUNS.) But let

Me tell you, once I got that machine gun in my hands, there was no stopping

Me! (GUNS.) It's a blast! I love it! (What a blast!)

It's a blast!

It'

S a blast!

It's a blast!

("Whew, THAT was a blast..")

"Well, we started out telling a little history, y'know, with a  
Little music like 'Annie get Your Gun' and a pioneer-dressed woman... and  
The story line developing through the, um, the dance hall girl who had  
To... protect herself in various ways... all of these having various  
Concealed firearms... then into the contemporary business woman in a  
Business suit... uh, the recreational woman... a police officer... (we know  
Criminals will always get guns) the, uh, security guard... and finishing  
("That's enough overdramatics. Give me that gun before someone gets hurt.  
Stand by...")  
With, uh, the beach woman clad in a bikini."  
("Stand by...")  
"Okay, alright, stop right there."  
("Stand by...")  
Where do you  
Conceal the gun in a bikini?"  
("Stand by...")  
But what do you expect? This is my first time ever firin' a gun,  
(Yeah!) much less a machine gun! (Yeah! Yeah! Yeah!)  
(GUNS. GUNS.)  
Hi there! My name is Lisa, and this is the H & K G-3.  
(This is  
Fun!) The G-3 fires a 716 round at 550 rounds per minute. (GUNS.) This gun  
Really packs a punch! Wow! (Lot of kick to that, I'll tell ya)  
"As demonstrated in the fashion show, even when the firearm was,  
Uh... exhibited, about 90% of the people never even saw it, or where it  
Was. They just saw it appear."  
"Now where else did you find places to conceal deadly weapons?"  
("Oh, there's Conrad General over there, let's say hello to Conrad General,  
Hello, Conrad General!")  
"Firearms."  
"Okay..."  
"There are lots of deadl  
Y weapons; we're only dealing with  
Firearms."  
"Okay."  
"We're taking this from a defensive posture. (You go on

about

Your business, you see?) Uh, ankle holsters, there were  
garter belt

Holsters, uh, midriff holsters, which are not unlike a  
tank top, and a

Holster sewn into that, it fits, uh, underneath the breast  
area..."

Hello, I'm Tish. I'm shooting the Thompson submachine  
gun (GUNS.)

Hi, how are ya? I'm Denise, from San Diego, California,  
and I'm

Gonna show you how to shoot the AK-47 automatic  
rifle, (GUNS.) the standard

Issue to the Soviet Bloc Army, I might add! (It's a BIG  
gun!)

This gun weighs nine pounds, seven ounces, and fires  
600 rounds per

Minute. (GUNS.)

The fifty round drum is a lot of fun, because you can  
just shoot,

And just keep on shooting! (GUNS. GUNS. GUNS.  
GUNS.)

(Whew! Blew the other window out!)

"..have the shoulder holster, then the standard hip  
holster, and

Uh, waistband holsters..."

"The horizontal shoulder holster was the perfect  
accessory for the

Businesswoman of the 80's."

(Yeah!)

"There ya go."

"What about ball gowns?"

(Yeah!)

My name is Adrian. How are you doing today? (GUNS.)

I'm shooting the world-famous Uzi submachine gun.

(GUNS.)

I can just imagine stopping a group of terrorists in their  
tracks with this

Magnificent weapon. (GUNS.)

The Uzi is a bit heavy at seven and a half pounds,  
(GUNS. GUNS.)

But.. that gives it some heft and something to hang on  
to! (GUNS. GUNS.)

There's something about having a gun in your hands,  
and being able to

Control it, (GUNS.) I don't know what it is, but all the  
girls talked about

It...

(Anytime YOU want to go shooting, just give me a call)

"What's next?"

I really don't know anything about guns, but when the

producer said  
I was going to be shooting the Uzi, I immediately  
recognized it as the gun  
The Presidential Secret Service men carry under their  
coats!  
"What's next? Do the firearms themselves come in, uh,  
fashion  
Colors?"  
"Well, believe it or not..."  
\*bang\* \*bang\* \*bang\*  
Hello, am I on?

been shot... is  
That possible? Is that possible?  
He has fired a shot... he still has the gun, the gun is  
pointed at  
Me at this moment.... I hope they can get the gun out of  
his hand... be  
Very careful... get the gun, get the gun...  
(RUUUUNNNN, BOOOOYYYYY!!!) stay  
Away from the gun...

"I hope they can get the gun out of his hand..."
