I've seen shadows spreading fear and turning laughter  
into tears  
Since you've been gone  
I've been alone, down and out trying to hear my inner  
sound  
Since you've been gone

There's a world waiting for me outside my window  
No matter how I try my thoughts lead back to you

Screaming loud: I'll be a shadow of a man I used to be  
Crying out, seems like the world just celebrates my  
misery  
Since you've been gone  
Since you've been gone

No one else could ease my pain  
This solitude drives me insane  
Since you've been gone  
Passion flowing through my veins  
I feel the sting of something strange  
Since you've been gone

There's a world waiting for me outside my window  
No matter how I try my thoughts lead back to you

Screaming loud: I'll be a shadow of a man I used to  
be...

The time will come when tables will be turned  
And I'll be the king
