J-Diva in the buildin
Only 13 years old
But still worth a million,
My pockets all swoll
Cuz I'm for them big dollaz
And I keep wit bankroll,
I'm gettin bunk
Gettin crunk
Bass bumpin real loud
It's like an earthquake in the club,
Kickin it like soccer
O lets do it Waka Flocka
I'm wildin out so proper,
We get wasted like Gucci
Then I hit the dance flo
And I'm crowded by the groupies,
Dj got the music poppin
This party not stoppin
Flow hot but the beat knockin,
My rhymes str8 stupid
I'm always murderin beats
Cuz I'm lyrically abusive,
But it aint nothin to it
I get it get it
And yall like how I move it,
All iced out but hotter than the summer
As I continue to progress
My flow get dumber,
J-Diva on the track
And puttin ladies on the map
I'm the best emcee
And that's a fact
