Inside you have your story
Inside you can't ignore it
Know I, it brings no glory
Know I, I can't control it
Since I felt I could dare it
Could I convey and share it?
So high it takes me to fly
Oh why it makes me cry?

One more time, one more time
One more story - One more try
All your love, all your heart
One more story - One more try
One more story - One more try

Alright, alright

Tonight my eyes are burning
Tonight I keep on going
Cause all that you leave behind
And all that you give or find
Inside it makes my soul grow
Inside I'll never stop, no
But how I know my art's long?

And now what way should I go? Should I go? Should I go?

One more time, one more time
One more story - One more try
All your love, all your heart
One more story - One more try
One more story - One more try

I just wanna put my heart inside
Would it be hard? Would it be right?
I just wanna feel
I just wanna feel it burns

I know
Oh, I know now I'm feeling strong
One more time

One more time, one more time
One more story - One more try
All your love, all your heart
One more story - One more try
One more story - One more, one more, one more try
