"Without You"

The sea has it's waves
The sky has it's moon
Yet still I'm alone
Without you

Destiny let's me know
How my life gonna flow
But I'm still all alone
Without you

Without you, without you, without you, without...

The sea has it's waves
The sky has it's moon
Yet still I'm alone
Without you

In the middle of nowhere
I stand loneliness
Nowadays my friend
Without you

Without you, without you, without you, without...

Without you, without you, without you, without you, oh, oh, oh
Without, without you, baby, without you, baby, without you, baby, without you, baby, ah!

Yeah, without you, baby, without you, baby, without you

Without you
