Under open sky  
You're lost and feel  
Disgrace...  
All the broken lives -  
Tears on your eyes  
And I say:  
"You're not alone!  
Oh, trust me, baby!  
Open up your heart  
And let love save you!"

You're made of love  
You're made of love  
You're made of love  
Oh, yes!  
Oh, yes!  
Oh, yes!  
You're made of love!

Time to make a choice  
You can hear my voice  
And follow...  
You will never die and  
And forever be free!

You're not alone!  
Oh, trust me, baby!  
Open up your heart  
And let love save you!  
'cause  
You're made of love  
You're made of love
