Look at you  
Your doing the one thing  
You swore you'd never do.

You've become  
One of them  
Now you'll hate me to  
In the end

All of this is falling apart  
Another piece was torn from my heart  
You promised we'd always be friends  
Something took control of you, it's causing this to end

You changed on me  
You become one of them  
Now you hate me

Only if I knew  
That this would  
Happen again  
But with you

All of this is falling apart  
Another piece was torn from my heart  
You promised we'd always be friends  
Something took control of you, it's causing this to end

Everything fell apart  
There's something missing from my heart  
I don't want to believe it's over

But I guess I'll have to face the truth  
7 years wasn't long enough for you
