i know i told you once  
but i think it's time to say it again  
i still do  
you already got my heart  
but i wanna dedicate it again  
i still do (still love)

it's time that we pause  
and reflect on where we've been  
where we're going  
(?)  
to be faithful to the end  
let's renew our vows  
make sure that we can endure  
all the trails and the errors  
only makes us more secure

a ceremony  
just you and me  
no wedding dresses  
forget the ring  
no reception  
i'll feed you cake  
something like a honeymoon  
(?)

i know i told you once  
but i think it's time to say it again  
i still do  
you already got my heart  
but i wanna dedicate it again  
i still do (still love)  
waking up to your face  
waking up in your space  
sleeping with your t-shirt on  
and i know you heard it once  
but i think it's time to say it again  
i still do  
i still do (still believe in us)  
i still do (after all that we've been through)  
i still do, i still do (still want the best for you)

still want to hang out  
and catch a movie with my best friend  
skip (?)  
cos my love won't wait  
gotta feel your touch again  
(feel it again)  
ooh i still believe in this marriage  
growing stronger each and every day  
i'm committed for the rest of my life  
cos i cherish our last name

a ceremony  
just you and me  
no wedding dresses  
forget the ring  
no reception  
i'll feed you cake  
something like a honeymoon  
(?)

i know i told you once  
but i think it's time to say it again  
i still do  
you already got my heart  
but i wanna dedicate it again  
i still do (still love)  
waking up to your face  
waking up in your space  
sleeping with your t-shirt on  
and i know you heard it once  
but i think it's time to say it again  
i still do  
i still do (still believe in us)  
i still do (after all that we've been through)  
i still do, i still do (want the best for you)

take your hand again  
jump over the (?) again  
wanna show you i adore you  
when we get through with them vows  
i'm gonna kiss you on your mouth  
just to show you how much i love you baby  
lets refresh our love  
we can do it for us  
i'll only give myself to you  
give yourself to me

i know i told you once  
but i think it's time to say it again  
i still do

you already got my heart  
but i wanna dedicate it again  
i still do (still love)  
waking up to your face  
waking up in your space  
sleeping with your t-shirt on  
and i know you heard it once  
but i think it's time to say it again  
i still do  
i still do (i still believe in us)  
i still do (after all that we've been through)  
i still do, i still do (want the best for you)
