Here I sit in the state of mind  
Wonderin' what went wrong  
You packed your bags walked out the door  
How could you be so unkind?

Cause now I sit here all alone  
Thinkin' about the days  
When I could open my eyes  
And have the strength to say

I can see you standin' there  
As large as life, free without a care  
But I hope you can find true love  
Somewhere along the way  
Cause everything is going to be alright  
Come another day

Don't know how it ever got so bad  
Cause you were the best I ever had  
Don't know how I live without you  
Not here by my side  
Cause I remember the time not long ago

I can see you standin' there  
As large as life, free without a care  
But I hope you can find true love  
Somewhere along the way  
Cause everything is going to be alright  
Come another day

I don't know what's ridin'  
I don't know what's wrong  
I can't hold on, I'm not that strong  
Ooooooo...

I can see you standin' there  
As large as life, free without a care  
But I hope you can find true love  
Somewhere along the way  
Cause everything is going to be alright  
Come another day

Everything is going to be alright  
Come another day  
When you were mine
