She lives in a small town not too far from me
Just a little country girl tryin' to make ends meet
Met her at a party just last night
I thought I was dreaming, it felt so right
So what can wrong?
Tell me what can go wrong...
yeah

Cause dreams are made of you and I
Cause dreams are made when you try
Dreams are made of you and I
Thank God I'm not alone
Dreams are made of you and I

Five years later and everything's alright
I lay my head down with her every night
One look at her and I'm lost for words
Who'd have known I could've loved this girl
And what can go wrong?
Tell me what can go wrong...
yeah

Dreams are made of you and I
Dreams are made when you try
Dreams are made of you and I
Thank God I'm not alone
Dreams are made of you and I

Ten years later and she's my wife
I thank God everyday that she's in my life
And what can go wrong?
Tell me what can go wrong...
yeah

Dreams are made of you and I
Dreams are made when you try
Dreams are made of you and I
Thank God I'm not alone
Dreams are made of you and I

Cause dreams are made of you and I
Cause dreams are made when you try

Cause dreams are made of you and I
And thank God I'm not alone
Dreams are made of you and I

She lives in a small town not too far from me.....
