I look back on what we had
What it was, what it could have been
I just can't keep holding on any longer
Now it's time to be a moving on
Got to put this thing behind me
It's time for us to say our last goodbye
And I'm not going to live this way any longer
It's time to bring these tears to an end
Just not going to take anymore

Now, I'm going to get over you
If it's the last thing I ever do
And I'm not going to live with these memories
Cause I've done all that I can
And I know that it's hard for you to understand
Now, there's a better way to make it through
I'm going to get over you

Mmmhmmm...

Since you gone, I feel so empty inside
Feels like a part of me has died
Sometimes it's like these feelings just won't end
But that's all in the past, I'm looking straight ahead
Never looking back anymore
It's over now, this time it's forever
I don't need to live this way any longer
It's time to bring these tears to an end
Just not going to take anymore

Now, I'm going to get over you
If it's the last thing I ever do
And I'm not going to live with these memories
Cause I've done all that I can
And I know that it's hard for you to understand
Now, there's a better way to make it through
I'm going to get over you

Walking tall, moving on with my life
For the first time
The clouds are gone, there's a light in my eyes

Sunshine.....

I'm not going to live this way any longer
It's time to bring these tears to an end
I'm just not going to take anymore
I'm going to get over you
If it's the last thing I ever do
And I'm not going to live with these memories
Cause I've done all that I can
And I know that it's hard for you to understand
Now, there's a better way to make it through
I'm going to get over you

MmmHmm..

Going to get over you
Not going to live with these memories of you
(Getting over you)
Not going to live with these memories of you
(I'm going to get over you)
Walking tall, moving on with my life
(Yeah I'm going to get over you)
Walking tall, moving on....
