Why do you think you know better than me?  
Speculating is so easy to see  
Why can't you see, what I want to be?  
Why can't you do what's best for me?  
You let me go, and you leave again  
I know now it'll never end  
Why can't you just let me be me?  
Just leave me alone and let me be

You can't change now what I've become  
I've learned so much while I was on the run  
The past is gone and will never return  
I was living for nothing  
There is nothing I haven't done

Each day I wake I want to open my eyes  
An tell you to leave, it comes as no surprise  
Cause things will never change, I've heard it all before  
I should tell you to leave and change the locks on the  
door  
I am a dreamer, I agree it's true  
It wouldn't be this way, if wasn't for you  
The good, the bad I remember it well  
If not for my dreams, my life would've been hell

You can't change now what I've become  
I've learned so much while I was on the run  
The past is gone and will never return  
I was living for nothing  
There is nothing I haven't done

It wasn't my fault, that's all I can say  
I wonder really why you would even stay  
It doesn't make a difference now anyway  
When it's all said and done, we'll go our own ways.....

You can't change now what I've become  
I've learned so much while I was on the run  
The past is gone and will never return  
I was living for nothing  
There is nothing I haven't done
