He gets up at the break of dawn  
Wipes his eyes put the coffee on  
It's time to hit the road  
He was proud and he was strong  
Never complained just moving on  
He would turn to me and say

Chorus

Son you gotta do what you gotta do  
Make the best of every chance you get  
Even if you lose

You gotta stand for what you believe in  
Gotta show'm what your made of  
And faith will get you through  
What you gotta do

The day I moved away from home  
My dreams were big my spirit strong  
But it killed me to say goodbye  
As time marched on years flew by  
It took some time but I realized  
Man he had it right, and he'd say

Chorus

Well I knew his days were numbered and time wasn't  
on our side  
But I could see a tear was building as I looked into his  
eyes  
Then the angels came and carried him away  
Now I'm looking into the mirror and I say

Chorus

You gotta do what you gotta do  
Make the best of every chance you get  
Even if you lose  
O I'm gonna stand for what I believe in  
Gotta show'm what I'm made of  
And faith will get me through

What I've gotta do
