[Mizz Nina & Jay Park]I'm livin' my life  
cause this is my time  
and I fell like touching the sky

I travel the globe  
I want you to roll  
Around the world  
Around the world we go

[Mizz Nina]Nope, some cannot keep up (up, up, up)  
Catch me jet-setting from point A to B  
And if we're only livin' once (once, once, once)  
Best believe we're makin' history

From Malaysia to Korea  
Gonna need a couple of visas  
While I'm rackin' up the miles  
I'm gonna go wild (wild, wild)

[Mizz Nina & Jay Park]I'm livin' my life  
cause this is my time  
and I fell like touching the sky

I travel the globe  
I want you to roll  
Around the world  
Around the world we go

Around the world  
Around the world

[Jay Park]Gonna set it off up in this club  
(set it off, set it off, set it off)  
I feel like floatin' when you're touching me

Feels like I'll never get enough (enough, enough,  
enough)  
Gotta leave your country but I'll be back in a week

From Korea to Malaysia  
On a very special occasion

Girl I'm rackin' up the miles  
So let's go wild (wild, wild)

[Mizz Nina & Jay Park]I'm livin' my life  
cause this is my time  
and I fell like touching the sky

I travel the globe  
I want you to roll  
Around the world  
Around the world we go

Around the world  
Around the world

[Bridge]-

[Mizz Nina & Jay Park]I'm livin' my life  
cause this is my time  
and I fell like touching the sky

I travel the globe  
I want you to roll  
Around the world  
Around the world we go

Around the world  
Around the world  
Around the world  
Around the world
