I was on my way to heaven,  
Then she brought me down with a smile.  
The scent of her perfume (black leather),  
One look I traded God for her eyes.

What do I do? ('cause I love her),  
But she's a demon (she's a demon).  
I'll trade it all (my soul),  
'Cause she's a demon (she's a demon, demon,  
demon).

I said I had to let this go,  
No sense in burning for eternity.  
That's when she started grabbing me, pulling me,  
Telling me she's all mine.

What do I do? ('cause I love her),  
But she's a demon (she's a demon).  
I'll trade it all (my soul),  
'Cause she's a demon (she's a demon, demon,  
demon).

RAP:

I was trying to go and save my soul,  
But loving you really takes it's toll.  
You're the only single name I know,  
We must be glued together 'cause I can't let go,  
I tried to leave but I ain't getting away.  
No wonder your eyes are red in every picture we take,  
'Cause you're a demon why are you so evil to me?  
But I love it so damn why didn't I see?  
You're a master piece gone wrong, a wreck waiting to  
happen,  
The grim ripper might as well go wait in the casket.  
Not a human being but baby you're a spirit.  
I'm a super hero but you're just a stronger super villain,  
The best team in the league with you, I can't win.  
Heartbeat won't die, my love's what we can see.  
So let me throw again what I still believe,  
Baby you're the finest demon that I've ever seen.

What do I do? ('cause I love her),  
But she's a demon (she's a demon).  
I'll trade it all (my soul),  
'Cause she's a demon (she's a demon, demon,  
demon).

What do I do? ('cause I love her),  
But she's a demon (she's a demon).  
I'll trade it all (my soul),  
'Cause she's a demon (she's a demon, demon,  
demon).
