At the edge of the road
Where the grass meets the gravel
There's a place that I go
In between all my travels

At the edge of the road
If you find me there standing
It ain't hard to prod me along
Yeah, I'm at the edge of the road
The one place that I don't belong

At the curve in the road
All the wildflowers scatter
Yeah, they come and they go
When nothing else matters

At the edge of the road
Between out there and home
There ain't nobody singin' along
Yeah, I'm at the edge of the road
The one place that I don't belong

I trust my insights
They're usually right
But I've been just as wrong as you can
When I wind up between
Disbelieving and dreams
Then I realize right where I am

Yeah, I'm at the edge of the road
Ain't nobody cares if you're safe
Or you're sober or stoned
I'm at the edge of the road
The one place that I don't
At the edge of the road
The one place that I don't
At the edge of the road
The one place that I don't belong

At the edge of the road
