Hey you, in the black dress with those pretty eyes
Come over here by me
There's somethin' that I feel I've gotta say to you
Before I let you leave
You see, I've seen you since you first walked in
So I know you're here with that dude over there
But to be completely honest with an angel like yourself
I don't care

No, I don't care if it's wrong
When it feels this right
It don't just happen every night
I guess I should care who knows
But I ain't tryin' to hide
So let every single person in here stare
'Cause I don't care

They say sometimes you only get one shot at love
And I think this might be mine
But I'd hate to think our fate hung in the balance
Of some worn out pick up line
So I won't say, "How 'bout this weather?"
Or, "You sure look good"
Or, "I think you've got my chair"
If his "I love yous" ain't enough
Well, I guess words don't mean that much
So, I don't care

No, I don't care if it's wrong
When it feels this right
It don't just happen every night
I guess I should care who knows
But I ain't tryin' to hide
So let every single person in here stare
'Cause I don't care

No, I don't care who's wrong
When it feels this right
It don't just happen every night
And I guess I should care who knows
But I ain't tryin' to hide

So let every single person in here stare
Let every single person in here stare
Yeah, let every single person in here stare
'Cause I don't care
No, I don't care
