This is gonna hurt
This is gonna sting a little bit
Them sticks and stones, No they ain't got nothin on this
here
See it wouldn't be right to keep leading you on, so I'm
setting you free
I'm letting you go I just want you to know, that it ain't up
to me

(Chorus)
Cause love don't let you decide, you can't feel what
isn't inside
When I told you forever, I didn't know that I lied.
Love don't let you decide

Honey I ain't cold, Baby I'm just trying to keep it real
And truth be told, surely you've been feeling what I feel
It's too easy to see it's too hard to deny that this fire is
gone
No there ain't nothin left, so quit blaming yourself
Cause you ain't done nothin wrong (Chorus)

Bridge
Now I'm holding you tight, and it's breaking my heart
just letting you cry
We've gotta let go, there's nothing to hold, no matter
how hard we try.
(Chorus)
