All alone the other I get to drinking and thinking about
the woman of this old world,
Well I known quite a few but between me and you I ain't
never met the perfect girl,
They either ain't that fun or way too young or they ain't
got a lick of sense
Well I dunno if she exist but I'm making up a list that I'm
checking 'em all against

(Chorus)

She gotta be five foot eleven
She smells like heaven
She was born in eighty six or maybe eighty seven
She got full intention of getting her P.H.D.
She got some big ol' boobies
A countrified booty
She's a certified bonified cold blooded cutie
If anybody knows where the perfect girl might be
Won't you tell her bout me

Well I don't mean to sound picky but relationships are
tricky and I'm looking for a perfect fit,
I want a smoking hot honey with a whole lot of money
who's favorite thing is sharing it,
Well you can't really miss her hell she may be your
sister but whoever she might be,
You'd be a real life saver if you do me one favor and
put in a good word for me

(Chorus)

She gotta be five foot eleven
She smells like heaven
She measures thirty six twenty four thirty seven
She got full intention of financially supporting me
She got some big ol' boobies
A countrified booty
And she don't get mad if I watch dirty movies
If anybody knows where the perfect girl might be
Won't you tell her bout me

You can tell her that I'm all alone and to call me if she
would

You can tell her frickin anything as long as it's all good

(Chorus)

Well She gotta be five foot eleven

She smells like heaven

Let's me do what I want to twenty four seven

She got full intention of letting me be me

And you know she got some real big boobies

A countrified booty

And she thinks cleaning house is a womans duty

If anybody knows where the perfect girl might be

Won't you tell her bout me
