

JB And Moonshine Band**"Sticker Peck Out"**

Visit "[Sticker Peck Out](#)" on MotoLyrics.com

Hey honey you got it going on
Your body's banging yeah you're bad to the bone
And FYI your T & A are what I'm all about
Your love makes my sticker peck out

Your love makes my sticker peck out
There's a hot hot fire burning way down south
And darlin' you're the only one that can put it out
Your love makes my sticker peck out
Your love makes my sticker peck out

Oh damn, there went all the room
There ain't a square inch left in my fruit of the looms
Better give me some play before I freak on out
Your love makes my sticker peck out

Your love makes my sticker peck out
There's a hot hot fire burning way down south
And darlin', you're the only one that can put it out
Your love makes my sticker peck out
Your love makes my sticker peck out

Your love makes my sticker peck out
There's a hot hot fire burning way down south
And darlin' you're the only one that can put it out
Your love makes my sticker peck out
Your love makes my sticker peck out

There ain't no blood left in my brain
'Cause it all went down to my ding-a-ling
I really need to re-adjust
'Cause my god dang zipper's 'bout to bust

Your love makes my sticker peck out
There's a hot hot fire burning way down south
And darlin', you're the only one that can put it out
Your love makes my sticker peck out
Your love makes my sticker peck out
Well, your love makes my sticker peck out
