Conclusion ending, another day, another year, of  
giving in  
And taking it all back, living in fear  
Afraid to lie, questioning unjust,  
Unable to trust and all that was my life  
The darkness that I bring

Spite like in a feeling, seems to be  
Another me looking out from me so  
Hopes are too involving, constantly sensing  
To serve me, just this constant beating

Spite like in a feeling, seems to be  
Another me looking out from me so  
Hopes are too involving, constantly sensing  
To serve me, just this constant beating

Being sure, lacking and insecure  
Facing consequences you don't feel you deserve to  
serve,  
All the failures that you bring

When I wake up this won't be my life  
When I wake up I'll be someone else  
When I wake up I won't have a purpose  
When I wake up you will break me

When I wake up this won't be my life  
When I wake up I'll be someone else  
When I wake up I won't have a purpose  
When I wake up you will break me

Rapture, experience despair  
The soul, generating poverty  
Come on, and feel the gloom I bring  
The soul, this life is happening

The soul, that's what is happening  
Complete, corrode the suffering  
The soul, that's what is happening  
Complete, corrode the suffering

Round, at the round  
At the round  
At the round

Round, at the round  
At the round  
At the round
