Listen to this warning  
Better listen good they said  
Prepared you for a mission  
Fed all their thoughts in your head  
Without me, you're going nowhere  
Did they forget who they serve?  
Leading sheep to the slaughter  
They're gonna get what they deserve  
Seeking out the powerless  
Son, Step right up to my booth  
Amazed at first is what you'll be  
Until you hear the real truth

[Pre-Chorus]  
Convert them all I command  
Just Satan's helping hand  
Pleasing the wrong side  
And now they run and hide

[Chorus]  
Descendants of death,  
False prophets arise  
Every word from their breath  
Brings closer their demise  
Descendants of death,  
False prophets arise  
Every word from their breath  
Will bring forth people's cries

They'll sink their teeth into your soul  
Filling up on selfish gain  
Oh God, I didn't know  
Man, it's driving me insane  
Didn't learn things for myself  
I guess I really didn't care  
Only did what I was told  
My mind contains only air  
A question raised to be answered  
Why do the so called wise,  
Disregard common sense?  
Be set free, no more lies!

[Pre-Chorus/Chorus]
