[Verse I]

I want a better way  
To live my life today  
Don't wanna think about your tragedy  
Ain't gonna lose my life to save you  
From the hand of death

[Verse II]

How can the human race  
Turn on itself with burning hate?  
Is this a government conspiracy?  
We have the power to defend them  
Will we set them free?

[Pre-Chorus]

We choose to look the other way  
While they are

[Chorus]

Butchering  
Slaughtering  
Leaders lied  
Genocide

[Verse III]

Despair, fear with trembling  
Cries to deaf ears, no one's listening  
Systematic killing rapidly  
Vengeance taken by the ones who cannot see

[Repeat Pre-Chorus]

[Chorus]

[Solo - Lozon]

[Solo - Klingbeil]

[Solo - Lozon]

[Repeat Chorus]
