Bemused  
Too much fire flows through my veins...  
Searching, I'm trying  
To be myself again  
Praying, invoking  
To drive my pain away

I want to kill, to be forgiven  
I want to slay and then run away

It's time to break free  
I need to cry the tears of love  
And stop to cry yells of hate...  
BrainStorm Evilution

Unaware...  
Justice will see a guilty of madness  
Searching, I'm trying  
To be myself again  
Praying, invoking  
To escape from this odd jail

I want to kill, to be forgiven  
I want to slay and then run away

It's time to break free  
I need to cry the tears of love  
And stop to cry yells of hate...

I want to kill, to be forgiven  
I want to slay and then run away

It's time to break free  
I need to cry the tears of love  
And stop to cry yells of hate...

Evolution...
