Calm and fearless every day  
On the edge of loneliness  
Am I looking a way to restrain?  
(My emptiness)

I cry, I try on the river so long  
Of words so aimless  
I wanna spit my sentence (but)  
It's just a waste of breath  
Just a waste of breath  
Just another wasted □ you instigate

Come back now to your memories and past  
And on your knees you ask for mercy  
For another breath  
I must pay for your emptiness of brain  
I'd not believe your foolish words  
Gotta stop trying out

Stressed and fearful from this day  
Crossed the edge of hauntingness  
Overlooking, collapsing my final day  
(Your emptiness)

You cry, you try on your ego so strong  
In sorrow I tell my name  
(That) Gain disillusioned farewell  
I've lost my meaning, man!

Come back now to your memories and past  
And on your knees you ask for mercy  
For another breath  
I must pay for your emptiness of brain  
I'd not believe your foolish words  
Gotta stop trying out

Come back now to your memories and past  
And on your knees you ask for mercy  
For another breath  
I must pay for your emptiness of brain  
I'd not believe your foolish words

Gotta stop trying out
