Trouble (Freestyle)

[Verse]

When I first came  
From nowhere like the rain  
Nobody knew my name  
Now I'm forever stuck in the lane  
Ever since I was born  
I took pain deal main  
I'm still the same  
Forced to play every game  
Strapped in the sanity  
Brothers behind the bars  
No one cares in the community  
No one hearing your calls  
Hustlers on the freeways  
Side to side with the thugs  
Criminals on operations  
Steal, deal, buy drugs  
I'm just 19  
Trying hustle on my own  
The game is deep  
A bottle of Hennessey (to the gone)  
When we die the block  
Silences of missing  
Gone with the wind  
Dead soldier on a mission  
Trapped in this world  
You ain't nothing but your earn  
Everywhere my I turn  
I seeing brothers burn  
We don't need the government  
Cuz we all going under  
We need a life blessing N we need a wonder
