Close your eyes go to sleep  
Close your eyes get so dizzy  
World is spinning in your bed

I know where the sun goes  
It's waking up the sparrows  
In England it's morning

In time you'll see that some things  
Travel faster than light  
In time you'll recognise  
That love is larger than life

Now you know what you're missing  
Now you've seen that I'm willing  
If you're looking for the message

Close your eyes  
Do you hear what I'm thinking?  
Is it how you imagined?

In time you'll see that some things  
Travel faster than light  
In time you'll recognise  
That love is larger than life

And praise will come to those whose kindness  
Leaves you without debt  
And bends the shape of things  
That haven't happened yet

Close your eyes  
Colours changing like a lizard  
Close your eyes

I know where the sun goes  
I have seen the world turning

In time you'll find that some things  
Travel faster than light  
In time you'll recognise that love is larger than life

And praise will come to those whose kindness  
Leaves you without debt  
And bends the shape of things to come  
That haven't happened yet
