Token running by his side  
Tales tall and smiles under whispers their story  
Secrets of so many men  
Strangers from so long ago

They turn back no band of night  
They set sail in silence and darkness  
Bound for danger all that is yet unseen  
The code when to seek him a night

Time to save their world  
My lovely (My lovely)  
Wish me safely home  
Wait for revenge

Frightened as the storm begun  
Slowly theyâ're last at their option  
Helpless blinded by the icy spray  
Before every time breaking wave

They will never reach the shore  
Never to claim what they hoped for  
The ocean taking portions of your dreams

Respond with the hard times they drown

Take care my love  
Remember (Remember)  
When you dream of me  
I will return

Hoping,  
Waiting,  
For tricking you

Iâ'll be home again  
My lovely, (My lovely,)

This misty gray morning light  
Back in the sky from the sunrise  
The water breaking softly under rocks  
The rocks swims emanative across the lights

His, they come and go  
Still waiting (Still waiting)  
So my choking heart  
Broken inside  
Is him calling far away  
Time to save their world  
Say goodbye
