(Intro)

This song is aimed at the fucking haters that told me to give up. Fuck you!

(Verse 1)

Katastrophic, is back on the mic
Alright I won't quit rap without a fight
These people are incredibly hard to please
They treat an Asian rapper like a fucking disease
Haters can't stop me 'cause I keep going
Flowing my rhymes with the skills that I'm showing
Still growing I don't have to be black to rap
Not trynna be Biggie, 50 or Tupac
Yo I'll crush these haters a little later
I'm showin' no mercy like an alligator
When you clowns give me your putdowns
Get ready for the motherfuckin' showdown
These fucking haters are dissing my hardwork
You're not gonna smirk when I go berserk
You should know your insults are an outrage
One second away from going on a motherfuckin'
rampage
All along, I know racism is wrong
Stop now, or you will get burned in my next song

(Chorus)

I will never back down
Because you won't ever take me down
I will never slowdown, step down or breakdown
This is the countdown for the fucking meltdown
Fuck you don't tell me to calm down
Getting my revenge someday and somehow
Give me a frown and still I'll never back down
You faggots can drown, I will never back down!

(Verse 2)

Start a fist fight, yeah hit me in the cranium
I'm tough as nails, as hard as titanium
Don't fuck around when I'm going insane
My knife will target your jugular vein
I'm a psychopath when I'm on a warpath
And I'll laugh at the end of this bloodbath

You fuckin' wit me
You fuckin' wit a killer
Wild like a gorilla
The scream gets shriller
As I beat your head into a pillar
As long as I breathe
I will never leave
What the mind can conceive
And believe, it can achieve
I never say never
I will sever anyone trying to be clever
Forget playing, fun and games are over
Reality is actuality, hot like a supernova

(Chorus)

(Verse 3)

No matter what you do
You can never break my crown
Standing tall and bulletproof
Nothing can ever keep me down
I just stand up again
I begin, I won't stop 'til I finish and win
And when I'm finished
Haters become diminished
I have burning ambition
Wishin' to cause chaos and demolition
This is my mission
And I'm unleashing power like a nuclear fission
My style is deadly and vicious
Oh you can call me malicious
But when I get the chance
I'll pull my dick out my pants
And fuck you all up
Reign supreme in Hip Hop
Yeah I'm at the top, of this
Ruling the metropolis
Glowing like phosphorus
Don't even try to diss this
No doubt I will make you piss
They're telling me to quit, they're demanding
But I will never quit as long as I'm standing!

(Chorus)
