Somebody call the doctor,  
This year's gonna be sick.

Parties in green ferraris,  
That tricky trick be slick.

I don't know what my name is,  
And I don't really care.

I came here to deliver  
And be a billionaire.

We represent like a pronoun.  
Livin' it up when the sun's down.

Cause it's twenty-one-one  
And we've just begun  
I said it's twenty-one-one  
And we've just begun  
I said it's twenty-one-one  
And we've just begun  
And we've just begun to live

To everything I does.

I put my phone on vibrate  
But you can hear the [buzz].

Makin' some noise so I get heard  
Spreadin' the word like I'm Big Bird.

(A most remarkable word)

[chorus]

I say it's time that we stop pretending...

[chorus]

etc.
