This is the first time i got nothing to say now,  
When you speak those before i lose my nerve,  
got your things, so ya said you were leavin now,  
can i please explain the way i,  
oh i have to let chu go the time here could be frozen  
but now i have to let you go,  
now go ahead go.. i'll never even know,  
dont let your love be broken, dont have to be alone

(Chorus)

When it's good it's good everything works out the way  
it should, but when its bad so bad,  
i swear you were the best i ever had.  
it's got me going up 'n' down up 'n' down up 'n' down  
around, you got me goin. up 'n' down up 'n' down up  
'n' down around and around again

i know, i said a few things that i shouldn't have said  
to you. but if it wasn't for this fight there'd be  
no need for the truth, and i wouldn't be out of line  
and would be out of timeeeeeee Please.  
Slow down. don't go you dont have to go even tho i  
know, oh i have to let you go.  
the time could be closing but i wouldn't let you go,  
let's go ahead! go, dont ever let me go.  
dont let your heart be broken you don't have to be  
alone

When it's good it's good everything works out the way  
it should, but when its bad,  
so bad. i swear you are the best i've ever had,  
it's got me goin up 'n' down up 'n' down up 'n' down  
around you got me goin up 'n' down up 'n' down up 'n'  
down around and around again.

baby theres nothin that i could replace,  
the damage has been done in so many ways,  
when i close my eyes i can see your face,  
i'm still holding on to your lips on my lips your heart  
'n' my hear your hand in my hand your hands on my  
hips

your supposed to be right here with me theres no one  
else but me and i'm left here to believee because you  
need me

When its good, its good. everything works out the way  
i should but when its bad,  
so bad i swear you were the best i ever had,  
its got me goin up 'n' down up 'n' down up 'n' down  
around its got me goin up 'n' down up 'n' down up 'n'  
down around and around again.

Its good, its good everything works out the way it  
should but when it's bad so bad i swear you were the  
best i ever had, and its got me goin up 'n' down up  
'n' down up 'n' down around its got me goin up'n' down  
up'n' down up'n'down around and around again
