Ice Girl
Freezing You
I am the Ice Girl
I am the Ice Girl
Freezing You
I am the Ice Girl

Lemme tell you 'bout the girl of my dreams then
Straight in the deep end
Girl was a neat gem
Used to see her on the eve of the weekend

She was the P10, keeper, elite then
Could it be that I'd fallen in love? (no)
Call from above? (no)
All of the love's cold

And that's how my luck rolled
Thought that I'd struck gold
More than a truck load

Yeah definitely my type
Skin that was ice white
Quiet as the night

Nothin' same as the usual
Grace in her pupils
Amazingly fruitful

Just basically truthful
Awakened and youthful
Face that was beautiful

Plus the feeling was favourably mutual
Straight to the scoop
First date was the funeral

Ice Girl
Freezing You
I am the Ice Girl
I am the Ice Girl
Freezing You

I am the Ice Girl

Lemme tell you 'bout the ice girl properly
Ice girl got me
Ice girl foxy

It was when the eyes of the ice girl clocked me
My world stopped abruptly

Yeah, I'm alive when the ice girl spots me
I feel alive when the eye pearls watch me
It's like a time warp, time twirls softly
Freeze time, time goes frosty

Ice girl's only there on occassion
Not much information
And marginally vacant

If we part then we start the engagement
Partially scarred in the heart from the art that she
sparks
And it's sharp like a dart when we part
But the chart that I'm running with agrees that it's
smart

That we've gotta separate and let go
So we're able to flow with the ways of the snow

(Hehehe)

(Ice girl)

Ice Girl
Freezing You
I am the Ice Girl
I am the Ice Girl
Freezing You
I am the Ice Girl

Ice Girl
Freezing You
I am the Ice Girl
I am the Ice Girl
Freezing You
I am the Ice Girl

Ice Girl
Freezing You
I am the Ice Girl
I am the Ice Girl
Freezing You

I am the Ice Girl
