Catch me.
I'm a wreck who let my conscience down.
I bet the animals sleep well after they hunt.
Someone open up a fucking window.
Something just fucking died in here.
It's been breathing fucking heavy for a long fucking
time now
And it's lost it's fucking will to survive.
Oh no!
And what's so sick, so wrong
That you don't want to believe that such a massacre is
capable of coming from me?
You're gonna lose your lunch.
It's gonna blow your mind.
But hold it down.
Hold it down.
Catch me if you can but don't fall for what you've
found.
I bet the animals don't think of what they've done.
Flip the fucking lever on the light switch.
Turn that fucking fan all the way up.
I'm gonna get first fucking place for the worst fucking
attitude
And I don't give a fuck at all.
Oh no!!
I don't feel so old. I'm smiling again.
If you don't feel sorrow, then I've already failed.
I don't feel so old.
Warm blood's pumping in.
You don't feel sorrow, but I'm already there,
'cos tonight I've taken nothing but insults.
Tonight I'm gonna go for the middle.
Tonight I've taken all of the insults.
Tonight I'm gonna fire them back...
You ignore my resolve while my conscience clings to
life.
But I stomped the heart out of it, hoping that it dies.
