No one knows all the trouble I see
Hold on tight, this could be the ride of your life
Look deep into the artists eyes, tell him everything will
be alright
Cause I just don't believe it
Wound up and I'm ready to blow
Theres no turning back tonight, I'm out for blood
It's hard to win when you're blind in a fist fight
All I know is I'll be drinking far too much tonight

I'm just a spider trapped in his own web
Off with his head, off with his head!
Out of body and out of my mind
Tonight, tonight, I'm just dying for a fist fight

I am Jacks muscles and I am with you tonight

Have you ever seen blood in the street light?
I warned you not to get in my way
You little shit, you're gonna have to pay

Get up, get up! Get up you motherfucker!
I'm nowhere near done with you!
Tonight the streets will run red
And it's all for you

I'm breaking every mirror so I don't see my face
Hide my eyes and look away, I have nothing left to say

I'm seein' red like a man possessed
I'm goin' down and I'll take you all with me
I'm seein' red like a man possessed
I'm goin' down and I'll take you all with me

I'm running on amputated legs
