It brings me to my knees
How can you do this so easily?
Fulfilling all my worst fears
All played out in my head
I thought I had control of my life
Before you walked in
Just turn around and walk away
I don't wanna see your face

Wild eyes are
Pleading, screaming
So take these visions away
It collapses my lungs
Look what you've done to me
Look at what you've turned me into

It goes on and on like this
Throw me to the floor again
With your hands around me neck
If you took anymore from me
Would I have anything left
Inside my chest?
Like a speeding car
It hits me
Is this happening?
Is this happening?!
Now the shots can't get much cheaper
And you can't look me in the eye
Just turn around and walk away
I don't wanna see your face

It goes on and on like this
Throw me to the floor again
With your hands around me neck
If you took anymore from me
Would I have anything left
Inside my chest?

I am the empty bottle
Smashed on the pavement
I am the stray dog in the rain
I will not know warmth again

I am the empty bottle
Smash me to pieces
