Allow me to scream in your ears all the things I think  
about  
Cause you know it's just a matter of time  
Before these lyrics start to blaze and set our souls on  
fire  
And burn ourselves through the night

The flames raise  
And voices sing aloud  
Our time is now  
Our time is now  
The flames raise  
And voices sing aloud  
Our time is now  
Our time is now

I'll play this line a thousand times and pray it don't  
get old because  
The searing in my soul just won't subside (nothing  
can stop us now)  
Cause I will stop at nothing becoming more than  
something  
Like a match that burns its fleeting life away (this is all  
I've ever wanted)

The fire in the sky  
Matches the one burning  
Deep inside of me

This is all I've ever wanted  
Nothing can stop me now  
Watch me burn under these lights  
I will touch the sun tonight

I'll play this line a thousand times and pray it don't  
get old because  
The searing in my soul just won't subside (nothing  
can stop us now)  
Cause I will stop at nothing becoming more than  
something  
Like a match that burns its fleeting life away (this is all  
I've ever wanted)

The sweat from my back  
The blood from my arms  
Nothing can stop me now  
Every song and  
Every word are like open wounds  
That I wear with pride  
Watch me bleed from this microphone

On makeshift wings I will fly  
I will touch the sun or I will die trying
