Call out your name, raise my hands to the sky  
As this city crashes down around me  
My heart in your hands, I can't let you go  
As I watched your eyes go cold, I was there but what  
could I do?  
How can you tell someone you love that their time has  
run out?

I watched you fade away  
Now every night in my dreams  
I see you and it all goes wrong  
Every night I see you and it all goes wrong

Every night I'm losing sleep  
Cause in all of my dreams  
You're taken away  
And every night I fall apart  
Cause watching you die again  
Is more than I can stand

Bottles call out my name, I'm cursing the sky  
I can barely feel anything anymore  
My head in my hands, you won't leave me alone  
In my sleep I hear her voice inside my head  
Now I'm here and what can I do?  
What can I do with out you?  
The best part of me died with you  
I need this to end  
I'm trying, I'm trying  
But I'm not that strong

Every night I'm losing sleep  
Cause in all of my dreams  
You're taken away  
And every night I fall apart  
Cause watching you die again  
Is more than I can stand

I keep telling myself that this can't be the end but I  
know better  
I keep telling myself that this can't be the end, I  
can't lose her

A part of me died  
When you did  
My world fell apart  
When they closed the lid  
On your casket  
God please take these visions away  
Night after night  
I see death on your face  
I died when you did  
My world fell apart  
When they closed the lid  
On your casket  
God take these visions away  
Night after night  
Death on your face
