I feel like a parasite tonight
And Iâ€™m starving for something more
I taste your blood on my lips
It wonâ€™t be long til Iâ€™m bound for the floor
What have I become?

It wonâ€™t be long til I show you my true colors
Soon enough you will see
All the dirt inside of my heart
Youâ€™ll see me for what I am tonight
Iâ€™m fighting wars with my reflection

Why do I do this to myself?
Always fighting world war me
Cut my throat time and again
Always tripping over my own two feet
How did I acquire this anti-Midas touch?
Step into the sun, see who Iâ€™ve become

Look in my eyes
And see the world outside
It feels like forever
Since I had my own time
Since I had some space to breathe

Look in my eyes
And see the world outside
Itâ€™s been such a long time

For the first time
In such a long time
I will do this on my own
For the first time
In all my life
I will walk alone tonight
I donâ€™t need your arms around me tonight
Iâ€™ve found the strength inside
For the first time
In my lifetime
I will do this on my own
(I walk alone, I walk alone without your love, without
your light to guide me home)

I don't need your light to guide my way tonight
I've found the strength inside
(I walk alone, I walk alone without your love, without
your light to guide me home)
For the first time in all my life
I will do this on my own
