Though it hardly seems like yesterday it wasn't long ago  
That little brother's bubble gum was stuck here  
I remember mother's great surprise it wasn't me you know  
He got into the oven on his own, I fear

Little brother  
When you take the world by storm  
Little brother  
Keep your nose out of where it don't belong  
Little brother

We were one big happy family for Sunday at the Zoo  
The lions were asleep, the bears were restless  
So I merely tried to hold him up to get a better view  
He slipped out of my hands on the way down I guess

How can one so small 'cause all this trouble by himself?  
You'd suspect that maybe he had help from someone else  
Always seems like I get blamed for all of his mistakes  
Ma, I don't see why we need a little brother after all

Little brother  
When you take the world by storm  
Little brother  
Keep your nose out of where it don't belong  
Little brother

Yo no tengo la paciencia  
No lo quiero el niño  
Este es un chico malo  
Es un ablastino

Little brother  
When you take the world by storm  
Little brother  
Keep your nose out of where it don't belong  
Little brother  
[Repeat and fade]

Little brother  
Little brother  
Little brother  
Little brother  
Little brother  
Li-li-li-little brother...
