Lunch, lunch will keep us together
There's no meal that's better
Just give me a fork and a spoon, it's almost noon
Make me some food 'cause I wanna eat soon

'Cause stop, 'cause I'm really hungry
Stop, I can hear my tummy
Look in the fridge
And let lunch keep us together

Hot dogs, Mac and cheese
French fries and ketchup I'll drown
When the others say they're stuffed
Who's still chowing it down?
I will, I will, I will, I will

Bite down and chew forever
Lunch will keep us together
Ate it before and I'll eat it again
Alone or with friends
Keep the food coming and I'll tell you when

'Cause stop, 'cause I'm really hungry
Stop, I can hear my tummy
Look in the fridge
And let lunch keep us together, whatever
I will, I will, I will, I will

'Cause stop, 'cause I'm really hungry
Stop, I can hear my tummy
Look in the fridge
And let lunch keep us together, tastes good

Hot dogs, Mac and cheese
French fries and ketchup I'll drown
When the others say they're stuffed
Who's still chowing it down?
I will, I will, I will, I will

Bite down and chew forever
Lunch will keep us together
Ate it before and I'll eat it again

Alone or with friends
Keep the food coming and I'll tell you when

'Cause stop, 'cause I'm really hungry
Now stop, I can hear my tummy
Look in the fridge
And let lunch keep us together, whatever
I will, I will, I will, I will

Tastes good, yummy, yummy
I can't stop, I can't stop
(Lunch a-coming, keep it on)
Alright, everything
