Lunch Will Keep Us Together

Lunch, lunch will keep us together
There's no meal that's better
Just give me a fork and a spoon
Its almost noon
Make me some food cause I want to eat soon

Just stop cause I'm really hungry
Stop, I can hear my tummy
Look in the fridge and let lunch keep us together
Mmmm

Hot dogs, mac and cheese, french fries and ketchup I'll
drown
When the others say there stuffed, who's still chowin it
down
I will I will I will I will

Bite down and chew forever, lunch will keep us
together
Ate it before and I'll eat it again
Alone or with friends
Keep the food coming and I'll tell you when

Just stop cause I'm really hungry
Stop, I can hear my tummy
Look in the fridge and let lunch keep us together
Whatever
I will I will I will I will

Just stop cause I'm really hungry
Stop, I can hear my tummy
Look in the fridge and let lunch keep us together

Mmmm tastes good

Hot dogs mac and cheese, French fries and ketchup I'll
Drown
When the others say their stuffed, who's still chowin it
down
I will I will I will I will

Bite down and chew forever, Lunch will keep us
together
Ate it before and I'll eat it again
Alone or with friends
Keep the food coming and I'll tell you when

Just stop cause I'm really hungry
Stop, I can hear my tummy
Look in the fridge and let lunch keep us together
Whatever
I will I will I will I will
