Lately I was broken by you,  
You make my days complete  
With some brighter tomorrow

Lately I was dreamin by you  
You told me that we will be forever  
But how come find out your breaking up with me

Tell me what's the feelin  
Of a heart beats broken

Please tell me why you leave me  
I'm hardly achin by  
Well I thought that my heart and dreams come true  
But I guess it's not that you  
So please tell me why

Lately I was hopin by you  
Then suddenly the pain comes forsaken  
How can I be strong for you are my strenght?

Tell me what's the feelin  
Of a heart beats broken

Please tell me why you leave me  
I'm hardly achin by  
Well I thought that my heart and dreams come true  
But I guess it's not that you  
So please tell me why

Could you lie right here next to me  
Please tell me you need me  
Could you lie right here beside me  
Please tell me you love me

Please tell me why you leave me
